

# GIOVANI FUENTES

## EDUCATION

<b>New Mexico State University</b>	<b>Las Cruces, NM</b>	<b>Aug 2022 - Present</b>
B.S. Computer Science	●GPA: 3.647	<b>Expected: May 2026</b>
Dean's List Spring 2023	<b>Vice President, Cybersecurity Club 2025</b>	<b>Captain, NMSU Marching Band</b>
<b>Relevant Coursework:</b>	<ul style="list-style-type: none"> <li>● Computer Security ● Linux Administration ● Data Structures and Algorithms ● Object Oriented Programming</li> <li>● Machine Prog and Org ● Computer Networks I ● Compilers and Automata Theory ● Cloud Computing</li> </ul>	

## WORK EXPERIENCE

<b>Student IT Technician</b>	<b>New Mexico State University</b>	<b>Sep 2022 – Present</b>
<ul style="list-style-type: none"> <li>● Resolved technical issues for 800+ work orders, providing support for <b>financial systems</b> used by departments such as Payroll and Accounts Payable</li> <li>● <b>Updated software</b> on computers and devices, ensuring systems are up-to-date</li> <li>● <b>Troubleshoot</b> technical issues related to financial systems (e.g., Quickbooks, Cashnet)</li> <li>● Managed <b>Microsoft Active Directory</b> users and devices across 150+ machines</li> <li>● Assisted in the <b>migration</b> of 100+ Windows 10 machines to Microsoft Intune Windows 11</li> <li>● <b>Trained 30+</b> users in software and hardware usage</li> <li>● <b>Configured and deployed</b> 150+ computers for faculty, staff, and students</li> <li>● Delivered <b>technical support</b> via help desk tickets and in-person consultations.</li> <li>● Entrusted with the <b>secure destruction</b> of 1000+ hard drives, safeguarding sensitive data for NMSU and its campuses in compliance with data security protocols</li> </ul>		
<b>Computer Technician Intern</b>	<b>Gadsden Independent School District</b>	<b>Aug 2021 - Jul 2022</b>
<ul style="list-style-type: none"> <li>● <b>Installed and configured</b> 50+ devices for classroom and staff use</li> <li>● Conducted cable and electrical connections between machines with <b>cable management</b>.</li> <li>● <b>Tested and repaired</b> dozens of chromebooks, reducing downtime for students</li> </ul>		

## AWARDS

- **National Cyber League CTF Individual Diamond Badge (Fall 2025):** Competed alone in different cybersecurity challenges. Placed in the 74th percentile nationally.
- **National Cyber League CTF Team Game Diamond Badge (Spring 2024):** Competed with a team of 7 with different cybersecurity challenges. Placed 116<sup>th</sup> place from 4199 total teams nationally.
- **National Cyber League CTF Individual Game Platinum Badge (Fall 2024):** Competed alone in different cybersecurity challenges. Placed in the 69th percentile nationally.
- **National Cyber League CTF Team Game Platinum Badge (Fall 2024):** Competed with a team of 7 with different cybersecurity challenges. Placed 80<sup>th</sup> percentile in the experienced bracket nationally.

## PROJECTS

### Access Database Modernization (Microsoft Access / Oracle / VBA)

- Assisted in upgrading a legacy Microsoft Access database from 32-bit to 64-bit Office compatibility.
- Updated VBA code using PtrSafe declarations and resolved compatibility issues with Windows API calls
- Troubleshoot ODBC-linked Oracle tables and pass-through queries during migration
- Improved system stability for daily use by administrative and financial systems

### Focus App - Adaptive Productivity Timer (Human-Centered Computing)

- Designed a Pomodoro-inspired productivity application emphasizing flexibility over rigid time cycles
- Conducted user research and usability testing using a low-fidelity “Wizard of Oz” prototypes
- Iterated designs based on qualitative feedback to reduce cognitive load and improve clarity
- Collaborated with a teammate to prototype task management, adaptive timers and motivational feedback
- Balanced simplicity and functionality through iterative UI refinement

## SKILLS

- **Programming Languages:** Java(proficient) Python, Assembly, Yacc, Lex, C++, C#, Powershell, Batch, SQL
- **Systems & OS:** AlmaLinux, Windows Administration, Active Directory, Intune
- **Tools & Software:** VSCode, Eclipse, jGrasp, Office 365, Adobe Acrobat
- **Technical Skills:** Network Troubleshooting, Device Deployment, User Training and Documentation, Issue Tracking
